NUMBER 21

FRANK KELL ASKED SPEAK AT LIBERTY LOAN RALLY HERE

Popular Wichita Falls Leader
Invited to Address Citizens
Following Monster Patriotic
Parade Saturday Morning,
April 6—Government Asking
for \$3,000,000,000.

Frank Kell of Wichita Falls has been asked to speak at a mass meeting Saturday afternoon April 6, to open the Third Liberty Loan in Vernon. This will follow a giant parade and rally to be held Saturday morning.

Every teacher in Wilbarger county is asked to bring his pupils and take part in the parade, which will start at 10:30 o'clock Saturday morning. Miss Mary Sue Maddox has been asked to extend an invitation to her club members to take part in the march, and the boys clubs have been asked, through their director, N. R. Tisdal.

Professor B. F. Sisk, superintendent, has agreed to the participation of the Vernon schools in the patriotic pageant. The only reservation made by Professor Sisk is that in case of rain the parade shall be called off. Such an occurrence is set down for the date set for the sale of Thrift Stamps with a similar demonstration, the largest rain for a year falling on that day.

The committee is asking every automobile and truck in Wilbarger county to help make this parade a demonstration of patriotism unequalled in local history. It is hoped that a thousand and automobile owners will respond.

"We do not know what Wilbarger County's quota will be," said J. A. Birdsong, chairman. "The loan will be for three billion dollars, and the bonds will bear 4-1/2 per cent interest."

"By united effort we can give Wilbarger county the place of distinction held by Wichita county for the second Liberty Loan, that of being the first county in America to go 'over the top.' We can be the first if every man will make up his mind to buy Saturday. Wouldn't it be a fine thing to finish the thing up that first day?"

8 AT THALIA JOIN BUSINESS LEAGUE

RAYLAND ALSO FURNISHES
MORE MEMBERS FOR LOCAL
CHAMBER OF COMMERCE.

Rayland and Thalia have been declaring their interest in good roads, win-the-war movements, and community development. This was demonstrated when a score of Rayland men faced a norther to attend a meeting of the Vernon Chamber of Commerce in January. They proved this again Monday night when a meeting was called at Walker school house four miles west of Rayland.

The people present pledged their support for a bond issue to build good roads, to the purchase of Thrift Stamps, and the buying of Liberty Bonds.

Ten of those present joined the Vernon Chamber of Commerce. Nine members from Rayland enrolled with the local body at the January meeting in Vernon. A committee was appointed at the Walker meeting to work for additional membership in that community. The reason given by the men of Rayland for joining the Vernon Chamber of Commerce is their appreciation of the interest taken by the Chamber of Commerce in the development of the county, and the assistance being given the farmers. A great many farmers belong to the local body.

O. A. McCaleb, commissioner of precinct No. 2, and J. D. Parnell, secretary of the Chamber of Commerce, went to the meeting. J. T. Webb, commissioner from Ford county, was also present.

The new members secured Monday night were: W. A. Walker and H. D. Lawson of Rayland, and J. R. Coffman, T. F. Lambert, J. E. Young, J. L. Reynolds, T. L. Ward, E. M. Key, R. C. Hunkley, and J. W. Hunkley of Thalia.

Missourians Return Hoarded Flour.
Several families in Centralia, Mo., who had stored more flour than the government allowed returned the flour to the retail dealers last week.

SHIVE SCHOOL PUPILS HAVE \$3,399 INVESTED IN THRIFT STAMPS AND LIBERTY BONDS

Pupils of The Shive School have invested \$3,399.89 in Liberty Bonds, War Savings Certificates, and Thrift Stamps. Investments of the U. S. A. War Savings Society for the week ending March 22 amounted to \$39.95.

This means about \$425 for each of the eight grades, figuring that the divisions of the fifth grade taught by Miss Minnie Weatherall and Miss Allie Reese are separate grades. Take it another way, and the amount figures nearly \$10 for each of the pupils enrolled.

The combined fifth grades show a total of \$834.13 invested. Miss Reese's division has loaned Uncle Sam \$547.75, and Miss Weatherall's division \$286.38. The fourth grade has invested \$628.34. The amounts invested by other grades follow: First, \$162.50, second \$162.70, third \$417.88, sixth \$260.75, seventh \$383.50.

The perfection of Thrift organizations over the county is being carried on under direction of R. H. Coffee,

chairman. In response to the many requests that Mr. Coffee is having for a plan of organization in the school districts, he suggests that worked out for Fargo under direction of Mrs. D. J. Wilhelm.

When Mr. Coffee's committee went to Fargo he found that Mrs. Wilhelm had her district divided into eight parts. Each member of her committee had been made chairman of a section, and a form was made out on which reports were to be made, showing the answer of every person in the district, giving the amount of previous purchases, amount bought at this call, and what amount was promised for the year. Or, if an individual refused to buy his reasons therefor are to be set down in a place Mrs. Wilhelm has provided.

The Fargo committee started out Monday to call on every person in the district in a systematic manner. The quota is \$80 for each scholastic in the district, or \$15,280.

MEETING ON DROUTH RELIEF WEDNESDAY

REPRESENTATIVE OF GOVERNOR
WILL EXPLAIN CONDITIONS
FOR SECURING AID.

J. C. Webb of the Warehouse and Marketing Department of Austin will be in Vernon Wednesday, April 3, for a meeting of county commissioners, council of defense and farmers to explain the drouth relief bill recently passed by the legislature. His purpose in coming is to aid Wilbarger county in securing the assistance provided under the law, providing \$2,000,000 for the aid of Texas farmers.

This information was conveyed in a telegram from B. F. Johnson to the Record yesterday. The Governor is sending Mr. Webb out in the hope that the relief may be secured in time to be of service.

Farmers are specially interested in this matter and it is hoped that a representative number may come to the meeting and learn what is necessary to receive this aid.

The meeting will be held in the District Court room.

MRS. WITHERS TO GIVE EGGS.

Mrs. J. E. Lutz Also Offers to Accept
Chicken in Payment for Extra
Settings.

Mrs. Charles Withers has promised Miss Mary Sue Maddox to give settings of her white leghorn eggs to members of the poultry clubs. She has two settings available now, and will have them every once in awhile.

Mrs. J. E. Lutz has told Miss Maddox that if any member of a poultry club does not feel that she can buy the other two settings of White Wyandottes, Mrs. Lutz will furnish them, and the individual can repay her with a chicken out of the hatch. This statement is explained by the information that first year girls are required to have three settings of eggs, and should be of the same kind. Mrs. Lutz has given a number of settings, and is willing to provide the other two necessary for each girl using her eggs on the conditions above set forth if the girl feels that she cannot buy the eggs.

TISDAL GETS SEED PRICES.

United States Department of Agriculture
Sends List to County
Demonstrator.

Following are prices on seed sent to N. R. Tisdal, county demonstrator, by the United States Department of Agriculture from Fargo:

Black or red amber cane, \$8.25; red or white milo, or kaffir, \$4.20; feterita, \$6.50 per 100 pounds; soudan, 25 cents a pound; peanuts, \$7 a 100 pounds; Rowden cotton seed or Melane cotton seed, \$1.90 a bushel.

Orders may be sent through Mr. Tisdal. He will also furnish information concerning maximum quantities which one person can buy, etc.

FIVE MEN LEAVE FOR CAMP TRAVIS

DISTRICT BOARD GRANTS AGRICULTURAL CLAIM OF GEO.
N. ANCEL.

Madison Wayne Lawson order No. 3, Luther Goffrey Streit order No. 54, Clarence Allen Smith order No. 59, Clint Dickson order No. 60, and George Davis order No. 152 are the five men who will entrain for Camp Travis at 1:15 o'clock today. These men were ordered to mobilization camp to fill out of 90,000 men in the National army.

Clarence Allen Smith is captain of the party until Camp Travis is reached. Henry Neals (colored) order No. 44 will entrain Sunday.

The District Board has reported on twelve men since Tuesday. George B. Ancel, Jr., order No. 862 was granted an agricultural claim and placed in class I-3. The other men were given classification as follows:

Godfrey Ewald Graf, order No. 1309 I-1, James Samuel Armstrong order No. 729 A-1, Paul Gerhard Graf order No. 1289 I-1, Isaac E. Briscoe order No. 1165 I-1, Morris Lee Bonner, order No. 1283 I-1, Horace Parvin Brelsford, order No. 950 I-1, Karl Streit order No. 288 I-1, Albert Streit, Jr., order No. 733 I-1, John Streit order No. 563 I-1, Karl Wiederanders order No. 770 I-1, John Gus Wiederanders order No. 591 I-1.

HAWKINS SAYS BUY COAL NOW.

Fuel Administrator Urges Laying in of
Supply to Prevent Famine
Next Winter.

More than half a million tons loss in coal production last week has caused the fuel administration to reiterate warnings contained in the announcement of its zone distribution system that next winter's supply of fuel should be laid in early to keep mines working to capacity during the summer, according to L. G. Hawkins, fuel administrator for Wilbarger county.

"Consumers should begin laying their coal supply for next winter during April," the fuel administrator says. One reason for this is that storage space for coal at the mines is not available. Even if it were, storing there would mean another handling expense and such cost would have to be charged against the consumer. Storage space in the bins of the consumer is available, and coal can be handled at the minimum of expense during the summer.

"In order to force this action the Fuel Administration is going to enforce a rule that after September of this year a retail coal dealer can buy only as much coal as he bought between April of this year and September of this year. This means, in effect, that half of the coal supply that comes through retail dealers must be handled during the summer. More of it really ought to be so handled."

The State fuel administrator expects to announce a price on coal about April 1.

VERNON CHURCHES PLANNING SPECIAL EASTER SERVICES

Rev. and Sir D. B. Clapp Will
Preach at Baptist Church to
Vernon Commandery No. 32—
President of Texas Woman's
College at Methodist Church—
Home-coming at Christian.

The special Easter service of Vernon Commandery No. 32 will perhaps be the most elaborate of all Easter services in Vernon Sunday. This is an annual event with the Knights Templar, and they will gather from all over this district for the occasion. Rev. and Sir D. B. Clapp of Palestine, formerly of Vernon, will preach the sermon in the Baptist Church.

All knights are requested to meet at the asylum at 10 o'clock, as the time pieces are set now, and be in uniform ready to march to the Baptist church so that services may begin promptly at 11 o'clock. Rev. Clapp will preach at the Baptist church Sunday night.

The Central Christian church will make Easter Sunday a home-coming for all members of the church. Easter music has been prepared, and a special Easter sermon will be preached by Ben M. Edwards, the pastor. Sunday night the pastor will conclude a series of services which he has been conducting all this week at 10 o'clock in the morning and at night.

Rev. H. A. Boaz, president of Texas Woman's College at Fort Worth will preach at the Methodist church Sunday morning and night. Easter music has been prepared.

The Epworth League of the Methodist church has planned a special music program for their Easter service. Misses Ethel McCarroll, Mary Edith Martin, Margaret Castiberry, Katherine Pierce and Minnie Weatherall, and Mrs. H. M. Long will help with the music and furnish special selections.

At Sunday School the junior department is planning a special Easter service.

The Presbyterian church will have no preaching service. Suitable Easter services have been planned for Sunday School.

Church services will be held at times as heretofore, and by the clocks as they are running now, so that those individuals who move up their time pieces Sunday morning are warned to take into account that Church services and Sunday school will not change until next week.

FAIR PREMIUMS TO BE THRIFT STAMPS

COUNTY ASSOCIATION TO MAKE
AWARDS IN LIBERTY
CERTIFICATES.

Premiums at the Wilbarger County Fair this fall will be paid in Thrift Stamps and War Savings Certificates. This plan was hit upon with the three-fold purpose of interesting the people in Thrift Stamps, of providing them with an interest-bearing premium and one of sentimental value aside from its intrinsic worth, and of helping in the great war.

So far as is known, Wilbarger is the first county to evolve such a plan.

Under the proposed arrangement, if a man wins prizes to the value of \$5 he will receive a War Savings Stamp for that amount; if his winnings are \$50, then the premium will consist of five Savings Stamps.

The Food Administration at Washington has promised to send an exhibit to Vernon for the County Fair, with an attendant in charge to give demonstrations of substitutes for flour and meat, and to show the advantage of, as well as necessity for, diversifying on the farms and living at home.

The idea of a family season ticket is meeting with favor over the county. Farmers are expressing their approval of the plan, and it is expected that this will result in a much larger attendance than heretofore, since an entire family may attend for little more than the cost of a season ticket for one person formerly.

The premium list will be ready for distribution in April.

CHAMBER OF COMMERCE PLANS MEMBERSHIP DRIVE TO COVER ALL OF WILBARGER COUNTY

Every merchant in Harrold joined the local Chamber of Commerce this week. This, following upon the increase of membership at Thalia and Rayland to nineteen, marks the beginning of an active campaign to make the organization, in reality, a county body. The plan appeals to business men of towns over the county, and to the farmers, because it means co-operation of the whole county. Vernon business men, as well as those of other towns, realize that by building up the county the towns will all prosper.

The Chamber of Commerce is paying a part of the salary of Miss Mary Sue Maddox, in charge of club work for women and the school girls; it is providing quarters for Dr. L. G. Combs, who came here to stamp out a threatened epidemic of hog cholera, and for whom permission was secured to stay on the ground helping to encourage the production of more hogs.

The Chamber of Commerce will finance the exhibit at the State Fair, which represents all of Wilbarger county. It also pays the dues of the county to the Colorado-to-the-Gulf Highway, which passes through four of the towns in the county. By means of this co-operative method these advantages can be secured at less expense than by acting individually.

BONHAM PREACHER HERE WEDNESDAY

REV. E. W. WILLIAMS DELIVERS
STRONG SERMON AT PRESBY-
TERIAN CHURCH.

Rev. E. W. Williams of Bonham preached at the Federated Presbyterian Church Wednesday night on a text taken from the eighth verse of the twelfth chapter of Acts: "And the angel said unto him, gird thyself, and bind on thy sandals; and so he did. And he said unto him, cast thy garments about thee and follow me."

This verse is a part of the account of Peter's deliverance from prison. Rev. Williams gave a very forceful interpretation and application of this passage of scripture, applied to present-day needs. He compared the spectacular things which appeal to our love of the heroic and the little things borne by those who strive to do their whole duty in all the walks of life. Particular attention was called to the nobility of and necessity for doing the little things, because to relatively few of us comes the opportunity to do the spectacular. Rev. Williams' application of the text had to do with the needs of the time from a religious as well as a patriotic standpoint.

Rev. Williams spent only one day in Vernon, although he met most of the membership of the Federated Presbyterian Church. Members of the church, and others who have expressed themselves, are very hopeful that he will consent to become pastor of the Vernon church and make himself a citizen of the community.

CRESCENT COVE PEOPLE ACTIVE.

Girls Have Ten Members and Boys
Fourteen For Poultry And
Fig Clubs.

N. R. Tisdal went to Crescent Cove Tuesday to organize a boys' club. He started out with fourteen members. The county agent also secured ten names for Miss Mary Sue Maddox's club among the girls.

Miss Maddox was sick when the first visit was made, and the work was not presented fully. Only one girl signed a membership card and mailed it in. The increased membership represents a gratifying interest on the part of girls and boys of Crescent Cove in canning, poultry growing, pig club work, and the other club activities.

E. D. C. to Council Statue.
Mrs. W. S. Ferrell, president of the U. D. C. announces that the statue erected by them to the memory of the men who wore the gray will be unveiled with proper ceremonies Saturday, April 6th. The members of Camp Cabel are especially asked to be present.

The regular biennial city election will be held Tuesday, at which a mayor and two commissioners are to be chosen.

A petition was filed yesterday to place the name of L. C. Eakle on the ticket as a candidate for mayor. Harry Mason has been in the race for the mayor's office two weeks.

As commissioner from East Vernon J. P. King is opposed to re-election by U. S. Davis.

Commissioner M. G. Neathery is a candidate for re-election from West Vernon. A petition was started yesterday to place the name of J. H. E. Young on the ticket in opposition to Mr. Neathery, but it had not been filed at 10 o'clock this morning. The Record was unable to communicate with Mr. Young over the telephone this morning to ascertain whether he will be a candidate.

Some confusion has arisen as to the manner of voting for commissioners. These offices are filled by the vote of the city at large. The charter simply provides that two commissioners must be residents of East Vernon and two must be residents of West Vernon. There are no wards. In other words, people living in East Vernon vote for both east and west side commissioners, and vice versa.

WILL MOVE CLOCKS UP SATURDAY NIGHT

SCHOOLS WILL MOVE UP WITH
TIME—BUSINESS HOUSES TO
CHANGE, TOO.

At a meeting of merchants in the office of the Retail Merchants Association yesterday afternoon a committee was appointed to canvass business houses in an effort to secure a uniform closing hour for all lines of business under the new daylight saving law, which provides for turning the clocks forward an hour Saturday night.

A majority of the firms represented at the meeting expressed a preference for 6:30 p. m. as the closing hour.

With the exception of the dry goods firms and meat markets, this is the closing hour observed at the present time. Under the new daylight saving plan this will give employees an hour more for leisure after business hours.

Railroads, banks, postoffices, telegraph and telephone companies will simply move their clocks forward and observe the same hours as heretofore. According to sun time this will mean an hour earlier than under the present clock time. Orders have been issued from Washington for change of time by railroads at 2 o'clock Sunday morning. Clocks will simply be moved up one hour.

The schools will open at the regular time by the clock Monday morning. However, this will be an hour earlier than at present.

Church services will be held Sunday on the present schedule. The opinion expressed by various pastors and Sunday School superintendents is that, beginning Sunday week, or April 7, services will be held an hour earlier, or at the same time as now by the clock.

EVERY BOY AT HAWK MEMBERS.

Eugene Wilson is President, Melton
Archer Vice President, and
Archie Hughes Secretary.

Every boy at Hawk school who is eligible to membership in the boys' pig club, baby beef, or farming clubs has joined. This includes those pupils over ten years old. Fourteen have turned their names in to N. R. Tisdal, county demonstrator.

Eugene Wilson is president of the Hawk club, Melton Archer is vice president, and Archie Hughes is secretary. Professor H. M. Lowe is principal of the school.

Boys and Girls Have Live Club.
Daisy Moody is president and Thelma Vaughn is secretary of a poultry and canning club organized by Miss Mary Sue Maddox at Harrold Wednesday. The membership consists of ten girls and four boys. The boys will grow chickens. Miss Maddox is delighted at the enthusiasm manifested. Harrold did not have a club last year.

ELECTION TUESDAY TO FILL PLACES ON CITY COMMISSION

L. C. Eakle's Name Placed on
Ballot Yesterday as Candidate
for Mayor in Opposition to
Harry Mason, and Petition
Has Been Started to Get J. H.
E. Young in Race.

The regular biennial city election will be held Tuesday, at which a mayor and two commissioners are to be chosen.

A petition was filed yesterday to place the name of L. C. Eakle on the ticket as a candidate for mayor. Harry Mason has been in the race for the mayor's office two weeks.

As commissioner from East Vernon J. P. King is opposed to re-election by U. S. Davis.

Commissioner M. G. Neathery is a candidate for re-election from West Vernon. A petition was started yesterday to place the name of J. H. E. Young on the ticket in opposition to Mr. Neathery, but it had not been filed at 10 o'clock this morning. The Record was unable to communicate with Mr. Young over the telephone this morning to ascertain whether he will be a candidate.

Some confusion has arisen as to the manner of voting for commissioners. These offices are filled by the vote of the city at large. The charter simply provides that two commissioners must be residents of East Vernon and two must be residents of West Vernon. There are no wards. In other words, people living in East Vernon vote for both east and west side commissioners, and vice versa.

Commissioner King has made the statement, that if elected, he will give his next year's salary to the city to be used in improving the Bailey property, recently purchased by the city, for the site of a park and water pumping station. The commissioner's salary is \$129 a year.

WOMEN WILL VOTE IN JULY PRIMARIES

BUT THEY MUST REGISTER BE-
TWEEN JUNE 27 AND
JULY 12.

Women will vote in the primaries on July 27. This privilege was guaranteed when Governor Hobby signed the bill providing woman suffrage in Texas. However, women who want to vote in the July primaries must register and they will have only fifteen days in which to qualify for the ballot.

Registrations cannot be accepted until the law goes into effect, according to information had by county officers. That will be on Sunday, June 26, ninety days after the bill was signed by the Governor. Registration must be completed not later than fifteen days before the election in which votes are to be cast. Monday, June 27, is the first day that one may register, and the primary will be held a month later.

Despite the short time allotted leaders of the suffrage movement believe that 50 per cent of the women of the state who are eligible for the ballot will qualify and go to the polls in July.

The new female voter must be 21 years old; she must have lived in the county six months, and in the state a year; must provide herself with a registration receipt during 1918; have a regular poll tax receipt the same as men after January 1, 1919.

She must appear at the county tax collector's office at any time not less than fifteen days prior to the primary election, during this year, to get the registration receipt. After this year, she must appear in the county tax collector's office not later than January 31, the same as men, pay her poll tax and get a regular receipt. If this receipt is lost, she must make affidavit to the tax collector's office of said loss and secure new permit.

Missionary Society With Mrs. Morgan.
The Young Ladies Missionary Society of the Methodist church will meet with Mrs. S. A. L. Morgan, Tuesday afternoon at 4 o'clock. The subject for the lesson is Bible study.

ELLIOTT SCHOOL TO BUY THRIFT STAMPS

Elliott, March 27.—(By special correspondence.)—Dan Vaughn, our rural route man, will visit the Elliott school in the interest of Thrift Stamps. Come out everybody, prepared to buy stamps. We must do all we possibly can.

Mrs. J. C. Elliott of Guyer community visited Mrs. N. F. Strickland Monday.

N. F. Strickland, our popular gin man, visited in Wichita Falls this week.

Bee Lucas, a soldier boy from Camp Bowie, is visiting home folks this week.

Henry Rains and Miss Minnie Schuman were married Sunday evening. Both parties are popular young people of our community. Our best wishes for their future are extended.

F. H. Steinman, one of our merchants is preparing to build an addition to his business house to make room for his merchandise.

Wheat and oats are growing nicely. corn is already coming up. The farmers are all kept busy. With a good rain everything vegetable would come alive, and of course we will get the rain just at the right time.

Oil stocks are running a little high in the community just now.

Ref Sanderson has bought a phonograph and says he is going to stay home and have music until it rains.

Mrs. W. T. White and little Frances, leave this week to join Lieutenant White at Camp Grant, Ill.

Little Virginia Nell Kirk who has been sick for several days is reported convalescent.

Amos Bates has purchased the Dr. Cox residence and has been making considerable improvements thereon. Mr. Bates has one of the best homes in Elliott.

Warren Clark who has been operating in the Oklahoma oil fields, is visiting at the home of his parents, Dr. and Mrs. Frank Clark.

A box supper and quilt sale will be given at the school house Friday night of this week. This is for the Red Cross. Come out everybody and help out in this good cause.

Prof. Pofect, principal of the Elliott school, has been called to duty for Uncle Sam. Miss Lena Stevens was given his place. Miss Speers from Vernon has been employed as instructor for the third and fourth grades. Miss Burch, who has been with us for several years, is still with the primary department.

An interesting program was rendered by the school children last Friday evening. Old Glory was unfurled. Mr. Larimore, a soldier boy from Vernon, raised the flag in proper form. The program consisted of songs, declamations and recitals. A large crowd of citizens were present and all came away well pleased. Misses Stevens and Burch deserve much praise for their efforts in this work.

Try It.

This store is the one place in Vernon where the prices are the lowest. Our fast growing business is proof of this statement. We are gaining new customers every day. See our special values in rocking chairs now.

BROWN'S

Cash Grocery

At the Theaters

More's.

Friday—A very strong dramatic Paramount will be staged, "The Whispering Chorus." John Trimble, who has committed a theft drops from sight. Even his wife does not believe him living. He places the mutilated body of a man on a railroad track and is arrested as his own murderer. He is condemned and because his wife has married the governor of the state, the man goes to the gallows rather than cause his wife unhappiness, and she made to suffer further from his misdeeds.

Saturday—Edna Goodrich, a former wife of Nat Goodwin, who starred with him in a number of stage successes, will appear as "Queen X" in a play of that name. Miss Goodrich is an opium smoker and queen of Chinatown, who is captured by a rabi by the district attorney. Later she is recognized as a one time society leader of New York. She is cured of the drug habit and marries the district attorney.

Monday—Ella Hall, an old time favorite, will appear in "New Love for Old." Miss Hall, although only twenty, has been in the movies for eight years. In the play she is a demure country maiden who wins the love of a city man who has been jilted by a girl of the bright lights. The little maiden wishes to announce her engagement at a country party. At the same time a road house which has scandalized the community, is to be opened. The proprietor of the road house is the other girl and appears at the party. Later all tangles are smoothed out and the city girl loses.

Pictorium.

Friday—Vivian Martin will appear in "The Barbarian," a Paramount. The story was written by Frances Hodgson Burnett. It is the story of a vivacious American girl, who is on a visit to an aunt in a sleepy English village and brings out the fact that as a match-maker she is the success of the season. She turns the romance including her own, to an interesting conclusion, and returns to America with the man of her choice, a barbarian like herself from the U. S. A.

Saturday—"Runaway Romany" will be shown with Marion Davies, the author of the play, as the leading lady. As the name indicates, this is a delightful story of Gypsy life. The young star appears in boy's clothing, wades a brook and drives a donkey cart through the daisy fields and is rescued from a runaway horse by her leading man, Matt Moore.

Monday—"I Love You" is the title of the play with Alma Reubens as star. The girl is a beautiful peasant who has led a very unhappy life, and later finds happiness in marriage with an artist. The old lover who wrecked her life appears and kidnaps her. The husband returns home and finds the son sick and the wife gone. When the wife returns she is driven away. Later a priest intercedes for her and the family is reunited.

Cottonseed Meal Instead of Beef Scrap.

If it is desired to substitute cottonseed meal for beef scraps in the dry mash for hens the feeder should be careful not to replace more than half the beef scrap with this substitute, as the result in egg production and in the quality of the eggs will be unsatisfactory. Chopped green bone, available at the butcher shop, is an excellent substitute for beef scrap when fed fresh to the hens. Buy it in small quantities as it does not keep fresh very long, and when spoiled it is likely to be harmful.

RED CROSS NOTES.

Mrs. S. E. Lloyd, supervisor of knitting announces that their usual monthly shipment of knitted articles will be sent to headquarters, Tuesday of this next week. All articles to be shipped must be at the packing place by Monday noon. Auxiliaries and classes will please take notice.

Fifty pounds of sweater yarn was received this week and a shipment of sock yarn is expected in soon.

Mrs. E. M. Rogers and committee secured clothes for overseas shipment to the amount of seven big boxes, which were sent away Wednesday. The number of articles sent to the Commission for Relief of Belgium, was 2,697 garments and the weight was 1,646 pounds.

TO PUT PASTOR AT CAMP BOWIE.

Northwest Texas Conference Will Raise \$5,000 for Tabernacle and Worker.

The Northwest Texas Conference will raise \$5,000 to build a tabernacle and place a pastor at Camp Bowie. This word was given out by Rev. M. Phelan, presiding elder, on return from a meeting at Clarendon to take up the question.

"We expect to place one of our strongest men at Camp Bowie," Rev. Phelan said. "Other conferences are doing this, and the work is there. So far we have done nothing."

The Public Has Been Warned

The state and national fuel administrators have sounded a warning to the public that it will be necessary to begin to lay in supplies of coal at once. They wisely say that failure to do this may result disastrously next winter.

We submit the following facts for your consideration:

1. By buying coal at once you can get the grade you desire, also the amount necessary for your needs.
2. You will save enough in price reduction to overcome the interest on the money invested.
3. You can now assure yourself of ample supply of coal and save the annoyance of having to buy small amounts next winter when fuel will be hard to get.
4. By buying your coal NOW you will not only be doing a patriotic service by assisting to overcome transportation difficulties, but you will also be rendering a service to people who are not able to buy coal in quantities at this time of year; thus you will make it possible for the dealer to lay in excess stocks sufficient to take care of the requirements of people who cannot buy now.

In view of these conditions, we urge everyone who can do so to arrange at once for your winter supply of coal. This is a time when it is really dangerous to PROCRASTINATE.

We will now accept orders for immediate delivery subject to the price named soon by the State Fuel Administrator.

Do a real service by acting immediately.

Paint Up That Old Car

It is true that automobiles are a luxury. Yet anybody that has had one will never want to be without it again—an automobile offers so much pleasure and convenience.

But automobiles are higher now than they have been at any time during the past couple of years, due to present high-cost conditions. Your old car is, therefore, doubly more valuable than it ever was before. A new coat of paint applied by our experts and given a carriage finish will fix it up so that it will look every bit as good as a new car.

Several grades of finishes to choose from at \$25 and up. You can be economical and yet not give up your car by having it re-finished.

WANTS PARENTS TO HAVE CHILDREN AT SCHOOL ON TIME

Superintendent B. F. Sisk Points Out Necessity for Care to Prevent Pupils From Losing Half a Day When Change of Clocks Makes Work Start an Hour Earlier Next Week.

Our National Government has passed a law requiring the railroads, post-offices and other institutions controlled by the Government, to move up the clocks one hour on the last day of this month. This change will affect the time of opening and closing the public schools over the entire United States. When the railroad men, postoffice clerks, bank clerks, and other business agencies go to their work an hour earlier and close an hour earlier, it makes it necessary for the teachers and the pupils of the public schools to open and close their work an hour earlier.

The purpose of this law is to save one hour of day light. The school children will have one hour less in the morning before school for outside work, but they will have one hour more after school. This will tend to put their working hours together in the afternoon. They will have more time for working in the home gardens and in other fields in which they may be interested.

Almost every day, school superintendents are receiving from the President of the United States, the Commissioner of Education at Washington, and college presidents, letters urging them to use every proper means to hold the children in the schools. They see a growing tendency on the part of students, especially high-school and college students, to catch the war spirit and lose interest in their education. This fact is very noticeable among those of us who have to deal with the problem.

Our National Government is insisting on keeping all the children in school every day it is possible to do so. It also insists that each pupil shall put forth a greater effort than ever before, for this year will be the last school year for thousands of young people, and they owe it to themselves as well as to their country to prepare themselves as efficiently and as quickly as possible to take the places left vacant by those who have already been called to the army.

To date the Vernon city schools enrolled 1140 pupils, quite an army in the educational field. They are making remarkable progress in their school work, and we want to see that progress continue without interruption. Now it is going to require the combined co-operation of all the parents, pupils, and teachers to get all the children in the schools next Monday morning by nine o'clock under the new arrangements. Wouldn't it be a splendid record for Vernon if there should not be a single tardy next Monday morning? Why not make that record? Let us try it. The teachers have been requested to report to the Superintendent all the rooms that have no tardies next Monday morning. Some mention of the result will be made in the local papers.

The citizens of Vernon are responding patriotically to every call of the Government during these strenuous times. Illustrations of this fact may be shown by pointing to the sales of Liberty Bonds, Thrift Stamps, home gardens, etc., therefore, I have full confidence in their loyalty to American ideals and American institutions. And since our system of public free schools is perhaps the most American of all of our institutions, I feel sure that every citizen will do all he can towards helping to make the change take place Monday without retarding the educational progress of a single child. To do this, the parents must not forget to turn their clocks up one hour and then make a special effort to get the children off to school in time to reach there by 9 o'clock by the new schedule. I am asking all the ministers in the city to call attention in the Sunday Schools on Sunday morning to this change.

B. F. SISK, Superintendent.

GRANDSON OF VERNON WOMAN IN TRENCHES

Lieutenant Hayden H. Hudson.

When J. W. Hudson of Arlington visited his mother-in-law, Mrs. M. A. Dixon, and J. A. Dixon in Vernon this week he brought them news that their grandson and nephew was an officer in the trenches with General Pershing. Hayden H. Hudson is the young man's name. He was a senior student in the University of Texas, and went to the first officer's training camp at Leon Springs last May. As at the University, Mr. Hudson's record at Leon Springs was A-1. He received a lieutenant's commission and before long was ordered to France.

The Arlington paper carried this interesting comment concerning Lieutenant Hudson last week:

"From General Pershing's forces in France comes the information that three of the front line trenches are named Arlington, Texas; Marlin, Texas, and Dallas. A brave, home-loving soldier wanted to be in Arlington and he wanted to be in the trenches on the firing line, so he, being an officer, named his trench Arlington, Texas. Lieutenant Hayden Hudson is the soldier."

His Grandmother and uncle in Vernon are proud of Lieutenant Hudson's record, and there is a message in his naming his trench "Arlington, Texas."

OFFERED ALL TO UNCLE SAM.

A Negro Woman's Entire Savings Offered to Democracy's Cause Without Thought of Remuneration.

An example of real patriotism, displayed in Emporia, Kas., during the second Liberty Loan campaign, has come to light. The teachers in the city schools urged the pupils to ask their parents to buy bonds. A negro woman solely dependent upon her washtub earnings offered her entire savings, \$200, to the cause of democracy. She thought she actually was giving the money to the government, as no one had told her that Uncle Sam would pay her \$8 each year as interest and later repay the principal.

"Ah, just wanted to do mah bit, same as you-all," she said.

Whereas, we desire to give expression to our appreciation of his life and character and our sense of loss at his death; now be it

Resolved by the members of this quarterly conference: 1. That Brother Swim was a useful, faithful, and devoted member of our church, and that our church and community have felt the ennobling influence of his character.

2. That in the death of Brother Swim, our church and community have sustained an inestimable loss, and that we extend to his family our sincere and heartfelt sympathy in their bereavement and assure them that the ties of affection that bind us to their loved one will bind us to them.

3. That a copy of these resolutions be recorded in the minutes of this conference, and a copy be sent to the Vernon Record for publication and that a copy be sent to the family of the deceased.

Couldn't Do Lick of Work for 9 Years

Johnston Tried All Kinds of Medicines Without Results—Tandac Brings Relief.

"I was so crippled up with rheumatism for nine years that I couldn't do a lick of work, but since taking Tandac I can jump up and crack my heels together like a sixteen year old boy," said J. M. C. Johnston, of 7130 North Howard Street, Dallas, Texas, and now in his sixty-fourth year.

"Nine years ago," he continued, "I had a bad spell of typhoid fever that left me with a terrible pain in my side and also in my back, where I had been hurt when I was a boy. Rheumatism got me in its grip and the pain I suffered in my arms and shoulders and lower limbs almost drove me distracted. My nerves were all worn out so I could hardly get any rest and many a night I was too miserable to close my eyes at all.

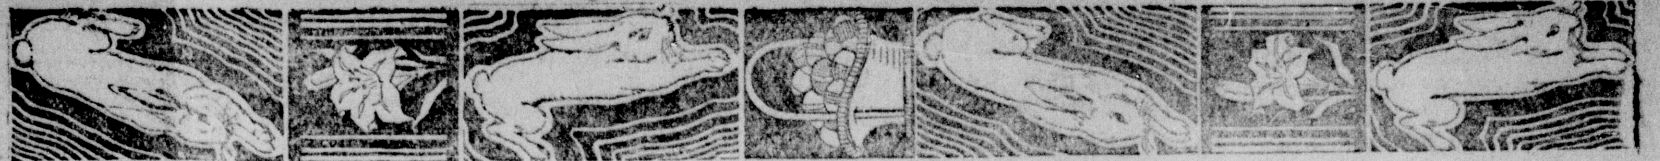

"I had taken so much medicine the last nine years without getting any relief that I had little faith in anything but when one of my friends spoke to me about Tandac and praised it so highly, I decided to try it and was certainly surprised when I noticed a decided improvement by the time I had finished my first bottle. I slept better, my nerves grew stronger and from then on my improvement was rapid. After taking five bottles I feel young and invigorated and a whole lot better than I have in a long time. I have full use of my arms once more and to prove it I can rub the back of my head with either hand, which a few weeks ago I couldn't have done to save my life. My nerves are all right now, I sleep like a rock and my rheumatism has completely disappeared except from my finger tips. I have every confidence in Tandac and am going to keep it up for some time, as I mean to get a job as soon as cool weather comes."

Tandac is sold in Harrold by Wilson Drug Company, in Oklaunion by Radwater & Stark, in Odell by R. J. Belcher and in Vernon by T. M. Ferguson Drug Company. Adv. 11

A LESSON FROM THE WAR.

The Great War has impressed many things upon the popular mind that have always been important, but the easy-going prosperity of peace times dulled us to their importance.

Co-operation was always understood to be, in a general sort of way, necessary to the building of a town or the success of some enterprise. But teamwork was never appreciated by the average run of people until the United States entered the war. From a provincial nation, far removed, as we thought, from the distractions of European affairs, we suddenly found that we had a vital interest in these questions. We woke up to the fact that we were the actual partners of France, England and Belgium in a great task of ridding the world of Prussian militarism.

Then came the realization that every nook of the country had a vital connection with every other. It became momentous to us in Wilbarger county what the people of Seattle did with their spare money and whether their sons were responding to the country's call.

Every thinking person realized the necessity for teamwork, if victory was to be won.

As a matter of fact, it had been vital to us for half a century what the people of Seattle or Boston did. Our interests were inseparably linked together, but it took the war to make us realize that we had anything in common except in the most general way.

What is true of the nation is true of the individuals of a community. The war has emphasized the need for organized direction of the most ordinary affairs of community life. We must work together for the sale of Thrift Stamps and Liberty Bonds. We must work together for the Red Cross and the Y. M. C. A.

Teamwork pays in this work and it will pay in promoting the enterprises of the town. Towns that have no Chamber of Commerce seldom meet their quota of Liberty Bonds, neglects practically everything else that's worth while.

The best way for Vernon to fulfill her obligations in war work and at the same time look after her necessary local enterprises is to support the Chamber of Commerce more liberally than ever before.

Now is a good time to ask yourself what you are doing to help win this war. During the week you have scanned every fragment of news to find something to indicate that the allies—your protectors—are winning in the most terrific struggle staged since time began. Your pulse has quickened more than once at the recounting of heroic sacrifice on the part of English, French, and American soldiers at this time of crisis. Men who bore the brunt of battles in '61 have wept because they could not stand again in the line of fire. Every red-blooded American has vowed, consciously or not, "they shall not pass." Americans at home have a task, appealing less to the heroic perhaps, but no less important than that of holding the lines in France. Next Friday the third Liberty Loan will

be launched, when the Government will ask for three billion dollars. The statement that you give nothing when you buy a Liberty Bond is as true as trite. It is a loan backed by every resource of America, and yet it is as necessary in a Democracy as the defense of the principles for which we fight. There can be no middle ground on the third Liberty loan. Either a man is a patriot or he is a traitor. This is the testing time. What are you doing to help win this war? What kind of a heritage are you leaving your children?

Of course you like to be rated as a public spirited citizen. Every man does. There is no individual but resents the imputation of parasite. However, we grow so selfish some times that we get a notion the welfare of the community matters not an iota to us. Surprising though it is, men do become so obsessed with egotism that they appear to believe that the reputation a town has for schools, for water and streets, for a spirit of co-operation does not matter to their business. That they can go it alone. Fortunately Vernon has few of this class. We are learning the lesson of the teamsters at San Pete, Idaho—that eight mules working together can pull a fourth more than when they are working in pairs, and that by "going it alone" they are practically useless so far as getting anything done. The Chamber of Commerce crystallizes the unified efforts of Vernon and community around for industrial and social development. Its record on the question of civic improvements, better living conditions, better business is standing the test. It is paying handsome dividends to Vernon business men. Of course, they expect to invest accordingly in its budget for the new year. Every public spirited citizen will have a part in the budget.

The action of Earle B. Mayfield in withdrawing from the race for governor shows a sincerity that is gratifying to good citizens. Some time ago Mr. Mayfield proposed to withdraw if Governor Hobby would call the legislature together and write a statewide prohibition law on the statutes. The law was written and Mr. Mayfield announced his retirement this week. This is not a time for playing politics, and the leaders display patriotism as well as judgment when they obviate an effort to create political factions.

Pungent Paragraphs

Even if women do have the right to vote, we suspect most of them will know more about their neighbor's Easter bonnet than the subject of the Easter sermon.

If the government still wants our wife to raise a war garden it had better hurry up and send her a rain.

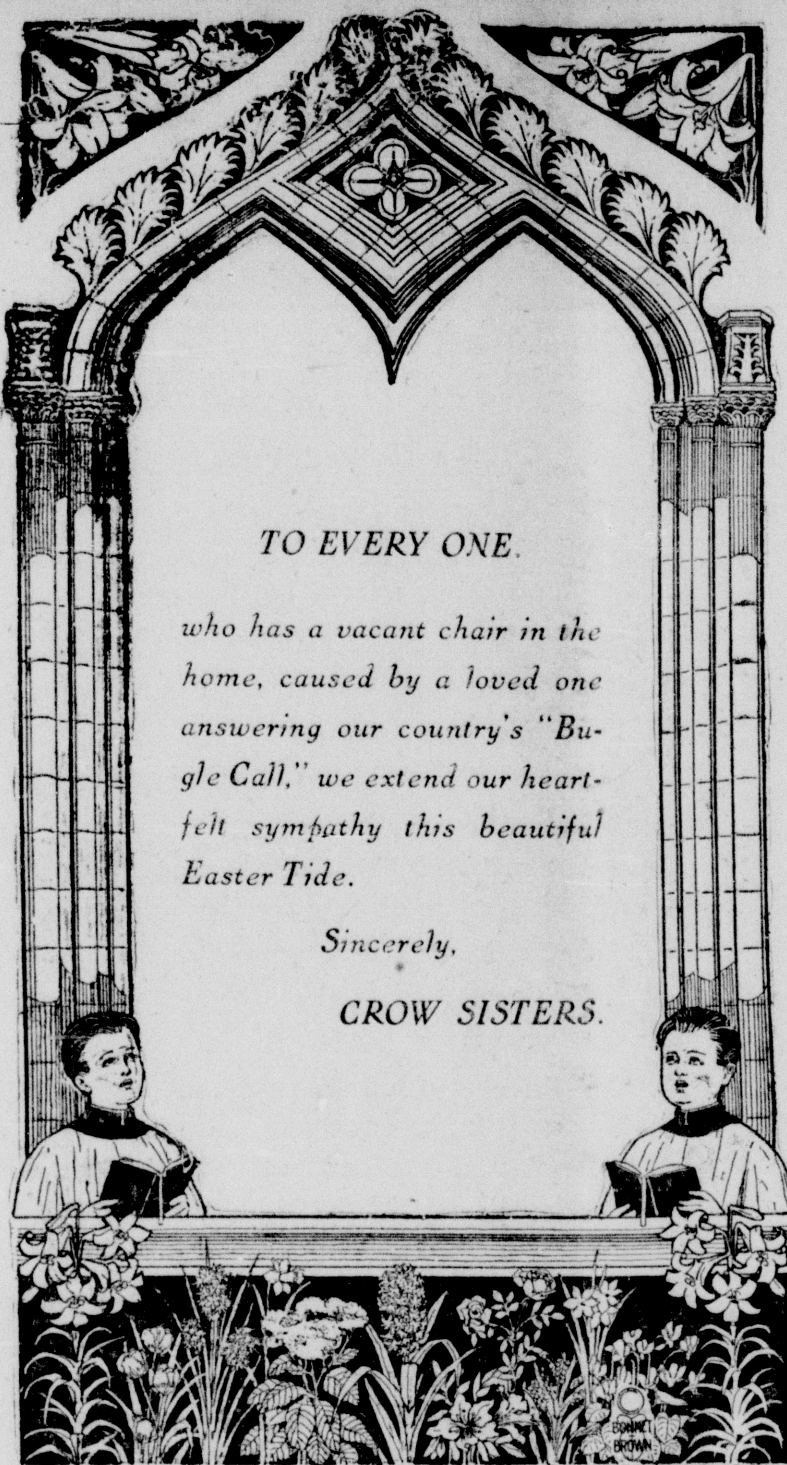

It has just about gotten so in Texas that a political platform that listens good today will be out of date tomorrow.

One good thing about being in the newspaper business is that editors are seldom bothered with making income tax returns.

The principal difference between King George and his cousin William Hohenzollern is that the former prays for God's blessings on his army while the latter seems to think that the Lord would be up against it without his help.

Plumcreek Perkins says he was never particularly strong for the idea that denying women the vote is taxation without representation, but he is glad that Mrs. Plumcreek will have to take a dollar and six bits of her butter and egg money next year and spend it for a poll tax receipt.

Women to Have Easter Bazaar. Aprons and head dress designed specially for Red Cross workers will be a feature of the bazaar which the women of the Central Christian Church will hold in the office of W. A. Atchison in the Opera House building tomorrow.

TO EVERY ONE.

who has a vacant chair in the home, caused by a loved one answering our country's "Bugle Call," we extend our heartfelt sympathy this beautiful Easter Tide.

Sincerely,

CROW SISTERS.

FOSTER'S WEATHER BULLETIN

(Copyrighted by W. C. Foster)

Washington, D. C., March 29.—Last bulletin gave forecasts of disturbance to cross continent April 7 to 11, warm wave 6 to 10, cool wave 9 to 13. Unusually high temperatures will accompany and a cold wave follow this storm. It will increase in force as it progresses eastward; will cause general rains; middle northwest will get least rain, southern and eastern sections most. Good crop weather will prevail and prospects of 1918 crops will look good.

Next warm wave will reach Vancouver about April 11 and temperatures will rise on all the Pacific slope. It will cross crest of Rockies by close of April 12, plains sections 13, meridian 90, great lakes and Ohio-Tennessee valleys 14, eastern sections 15, reaching Newfoundland about April 16. Storm wave will follow about one day behind warm wave and cool wave about one day behind storm wave.

Temperatures of this will not go so high as in the previous storm and the cold wave will go much lower, carrying frosts farther south than usual. This storm will be unusually severe and will increase in force as it progresses eastward. Rains will be quite general but heavier in southern and eastern sections than toward the middle northwest. Not much rain on Pacific slope.

Through the past winter these bulletins advised farmers and others not to hold grain at the very high prices. During the week ending March 16 they realized that our advice was good. We have also held steadily to the belief

that the world war will end before the 1918 crops mature. If we are correct in that belief grain and cotton must go away down, unless bad cropweather holds prices up. Farmers can benefit themselves most through their organizations by putting shackles on the millionaire speculators and remaining on good terms with local grain and cotton dealers. It is a very bad mistake for local dealers and producers not to pull together. Their worst enemies are the millionaire speculators, who should be put out of business.

During April the big red star, Mars, rising early in the evening, and the bright morning star in the east, Venus, will be the most conspicuous scenic views of the stary heavens. Mars is the war god and Venus the goddess of love. She has also been called Hesperus and Lucifer. Mars and Venus are supposed to be opposite in their effects on animal life and on the earth.

Her diary shows she paid the following prices in 1776: Corn, \$25 a bushel; rye, \$30 a bushel; potatoes, \$10 a bushel; molasses, \$12 a gallon; flour, \$5 a hundred pounds; sugar, \$3 a pound.

In 1779 she paid \$4 a pound for sugar.

MANY FARGO PUPILS ARE HOOVERIZING

BOYS AND GIRLS OBSERVING RULES FOR SAVING WHEAT AND MEAT.

Fargo, March 18.—(by special correspondence.)—The following pupils in Miss Ruth Beaver's room are observing the rules laid down for conservation of food products, especially wheat and meat, by the United States Food Administration: Lela Miller, Truman Holland, Emmitt Ketchersid, Clint Castleberry, Lucile Rhea, Neita Mason, Louise Micola, Linnie Harrison, Mabel and Alton McLaughlin, Raymond Swatmon, Cecil Green, Lena Harrison, Lavona Castleberry, Earnest Holland, Roberta and Mattie Lou Mason. This is more than half of the third and fourth grade.

Neita Mason was the first pupil in school to fill her thrift card; Noel Hayes, the first to buy a War Savings Stamp.

H. E. Key accompanied his little daughter to Chillicothe, where they took the Orient for San Angelo. She has much better health there.

Fargo women are busy with gardens, and chickens.

Mr. and Mrs. Harry Sneed of Oklahoma visited their grand parents recently, Mr. and Mrs. J. H. Parker.

Mrs. F. M. Cullum and Miss Minnie Crisp were in Vernon Monday.

Sherwood beat Fargo last week in basket ball 13 to 6.

Elder Whitaker of Oklahoma filled the pulpit at the Church of Christ Saturday and Sunday.

Elder J. T. Cate of Vernon was at Fargo Saturday.

Miss Elizabeth Wines visited her sister, Miss Nannie, last week. Both returned to Vernon Saturday.

Seven members of the Baptist Ladies' Aid were present at the meeting Monday.

Mrs. Jim Cato has been quite ill with sore throat.

Rev. C. V. Holland filled his appointment at the Baptist Church Sunday. He left the community sick with la grippe.

George Goins is at home again, getting ready for this year's crop.

Miss Idabel Cato was in Vernon Tuesday.

Mrs. W. A. Wilhelm returned Tuesday night from Chickasha, Okla., where she went to visit her father, following an accident which resulted in injuries to him. Her father was improved when Mrs. Wilhelm left Chickasha.

Mrs. R. S. McConihe and daughter, Lillie, went to Wichita Falls today where they will meet Mr. McConihe, who has been in Mineral Wells, two weeks. They will remain there until Sunday, the guests of Mr. and Mrs. J. H. Crumpler.

Miss Roberta Scott was unable to meet her classes in the local high school Thursday, because of sickness.

WICHITA MAN GIVES RECORD.

Twenty Years Ago Edgar P. Haney Was Section Hand—Now Candidate for Congress.

Twenty years ago Edgar P. Haney was a section hand. He washed dishes at a hotel and did janitor work at a school building, all the time working to secure an education. Born and reared on a farm in South Clay County, like other children of pioneer days who had ambition for an education. Mr. Haney never gave up. Without a dollar except what he earned he completed high school, studied in the normals and the University of Texas.

As teacher, editor and legislator, Mr. Haney has given much time and effort to make the environments of the men and women of tomorrow better. His fight for better schools and against the open saloon and its evils should be appreciated by every father and mother of Texas.

Your congressman from the new Thirteenth District should be honest, efficient, courageous, trustworthy and absolutely loyal to his constituents and this government. The six years' in the House of Representatives from Jack, Clay, Archer, Wichita and Wilbarger counties, where he served as chairman of the Committee on Education, on the Rules Committee, and having presided over the House in the speaker's absence, has especially qualified Mr. Haney for this promotion.

Mr. Haney has been a consistent prohibitionist all his life. He has not only advocated prohibition in the pre-

dict, county, state and nation, but has practiced total abstinence. During seven campaigns, covering fifteen years, Mr. Haney has persistently portrayed the evils of the open saloon and advocated its abolishment. He led the fight to close the red light district in Wichita Falls.

Following are some of the bills of which Mr. Haney is author:

First: The bill providing state aid for village and county schools, whereby this last year \$2,000,000 was appropriated to assist in building rural schools, teaching domestic economy, agriculture, and manual training.

Second: A bill establishing one board of regents governing all of the normal colleges.

Third: The Uniform Text Book bill, which provides uniform textbooks for the primary through high school for the state of Texas for six years.

Fourth: A bill raising the scholastic age, providing free schooling to all children between the ages of 7 and 21 years.

Mr. Haney has been a strong advocate of free text books, and the present Free Text Book Law was passed under his leadership. Adv. 11p

Noted Fiddler Coming.

Henry C. Gilliland of Altus, Okla., and O. Evenson of Olustee, Okla., will spend Sunday in Vernon guests of their friend, Dr. A. P. Howard. Mr. Evenson is violin maker of considerable reputation and owners of violins who wish to have the tone improved should see him at Dr. Howard's.

WHY FRANCE NEEDS WHEAT.

Food Administration Explains Conditions in War Zone—Coal Is \$110 to \$135 a Ton.

Dr. Alonzo Taylor of the United States Food Administration recently made public the following statement:

"We receive many letters at Washington as to why we want to send so much wheat to Europe when we are told that corn, oatmeal, rice, barley and rye are just as good. They ask: 'Why don't we keep the wheat and send them the corn and rye and barley and rice?' I will answer that: We want to send wheat to Europe because you can make bread of wheat, and you can't make bread out of rice and oats and corn. And nobody bakes domestic bread in Europe. You can go to any town in France and you will find there are no individual bakers there. There will be employed probably two or three

men in one place, who will have one large hearth, who will be able to bake two thousand loaves of bread together, with a minimum amount of coal. Coal in France is worth \$110 to \$135 a ton. 'The bread is delivered to the home, and this is one-half of the diet of that home. It was in peace time and it is new. In peace times there was considerable sugar, and dairy products were plentiful. Now these things are scarce and the bread largely takes the place

of these foods. So the bread becomes of added importance from every point of view. Now just visualize this peasant home. Remember that the peasantry in France live in villages, not on farms, and they subsist on the small local store and bakery shop."

Wayman McClary of Company K, 144 Infantry, who has been visiting relatives here for a week, returned last night to Camp Bowie.

I am offering the following well located property for sale or trade, cash or terms. One modern cottage containing five rooms, bath and kitchen pantry, two blocks of Main street, sidewalk, water and sewer, also electric lights; one nine-room house, two acres of ground in good location just in edge of town. One four-room bungalow, east front, close in. A. P. Peck. 149tc

ECONOMY IN FOOD BUYING

This is a practical age, and the most practical ones get on with the least worry. A few years ago, women never thought of writing checks. Now the custom is almost universal with people who have bank accounts. In fact, the most practical way to pay a bill is by check. It is a receipt for the bill paid and there is no trouble about charge. A great many of our customers in the city are paying by check. They like it and we like it. It helps on the cash business and the cash basis eliminates bill collectors on the first. Try it one time. It saves not only money, but worry.

SAVED FOR PONY, BUYS BONDS.

Happy Cole Key Invests Money Intended for Shetland in War Savings Certificates.

Happy Cole Key, five years old, has withdrawn his money from the savings bank and loaned it to Uncle Sam to carry on war work. He intended to buy a pony, a nice gentle Shetland that he could ride and drive to a cart. He also intended to purchase some Christmas presents for his friends, but when the matter was explained to him that Uncle Sam needed the money to buy guns and clothes for the soldiers, he asked that he be permitted to give it all to the Government.

Happy Key is now the proud possessor of seven baby bonds and intends purchasing more. This little patriot gave up the toys and candy dear to a child's heart in order that he might help win the war. He is the son of Mrs. Esther Key.

The State of Texas: To the Sheriff or any Constable of Wilbarger County, Greeting: You are hereby commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Wilbarger County, a copy of the following notice:

The State of Texas: To all persons interested in the Estate of L. G. Gilbert, Deceased, Walter W. Gilbert has filed in the County Court of Wilbarger County, an application for Letters of Administration upon the Estate of said L. G. Gilbert, Deceased, which will be heard at the next term of said Court, commencing on the first Monday in April, A. D. 1918, the same being the 1st day of April, A. D. 1918, at the Court House thereof, in Vernon, Texas, at which time all persons interested in said Estate may appear and contest said application, should they desire to do so.

Herein full not, but have you before said Court on the first day of the next term thereof this Writ, with your return thereon, showing how you have executed the same. Given under my hand and the seal of said Court, at office in Vernon, Texas, this 12th day of March, A. D. 1918.

THE ADVERTISEMENT WHICH WON THE \$1,000 PRIZE!

TEXT of the PRIZE WINNING ADVERTISEMENT

"The most marvelous machine can never be a person, but Thomas A. Edison, the inventive wizard, has at last mastered a human voice reproducing instrument that does not betray itself in the very presence of the artist."

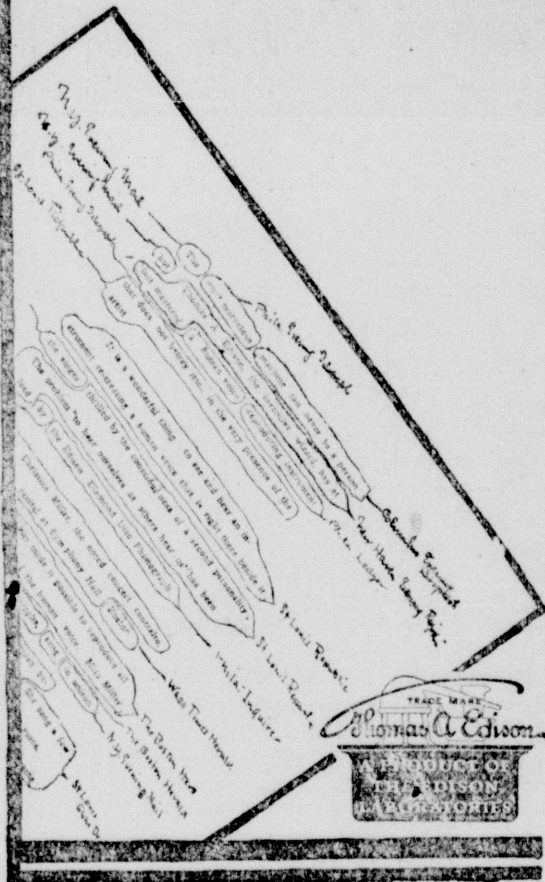

"It is a wonderful thing to see and hear an instrument Re-Creating a human voice that is right there beside it, the singer thrilled by the consciousness of a second personality. The problem 'to hear ourselves as others hear us' has been solved by the Edison Diamond Disc Phonograph."

"Miss Christine Miller, the noted concert contralto, demonstrated in a recital, at Symphony Hall, Boston, how thoroughly Edison has made it possible to reproduce all shades of tone and sweetness of the human voice. Miss Miller, standing beside one of the phonographs, sang in unison with herself, it being impossible to distinguish between the singer's living voice and its Re-Creation. She sang a few bars and the instrument blended perfectly with her voice. She ceased and the instrument continued the air with the same beautiful tonal quality. Had Miss Miller attempted such a concert in Salem, in the early days of this country, she would have been hanged for a witch."

"The large audience of music-lovers sat enthralled under the spell and the wizardry which reproduced a human voice, the most delicate violin tones and the blare of a brass band with such fidelity that no one, hearing also the same music at first hand, could tell which was the real. The instrument was a stock phonograph intended solely for the home."

"Perhaps the artistic merit of Mr. Edison's invention can in no way so well be attested as by the fact that two members of the Handel and Haydn Society of Boston were present."

Earle Inley, Nanuet, N. Y.

THE man who prepared the above advertisement received \$1,000, and yet he didn't write a word of it. Music critics of various newspapers were the actual authors. They attended Edison tone tests; heard direct comparisons between living artists and the New Edison's Re-Creations of their voices, and waited in pronouncing the Re-Creation in every case an exact counterpart of the original music. Some 1500 critics have thus reported their conclusions. It's from their newspaper accounts that the advertisement was compiled.

The NEW EDISON "The Phonograph with a Soul"

is positively the only sound reproducing instrument capable of sustaining the comparison described.

Won't you drop into our store and listen to this wonderful instrument? It will take but five minutes of your time and it may enrich fifty years of your life.
